

**DESCRIPTION:**

AQUA MIX EFF-EX™ contains EX-2 Technology, which allows Eff-Ex to remove and inhibit efflorescence. Eff-Ex™ is a non-acidic (pH 7.4), heavy-duty cleaner.

**USES:**

- Natural stone (such as marble, granite, slate, travertine, and limestone), porcelain, quarry, saltillo, terra cotta, cement pavers, masonry surfaces, and other porous tile and grout where a natural look is desired.
- Effective for interior and exterior applications.
- Eff-Ex will lightly dull the surface of polished marble, limestone, and travertine, and repolishing may be needed.

**TEST A SMALL AREA:**

According to application instructions to determine desired results.

**APPLICATION:**

**TO REMOVE EFFLORESCENCE:**

- 1) Read entire label before using.
- 2) Do not dilute product.
- 3) For best results it is recommended to pre-wet the surface with water, avoid puddling, and remove excess water before applying solution.
- 4) Liberally apply solution with mop, sponge applicator, paint roller, or brush.
- 5) Allow to dwell 10-15 minutes. Do not allow solution to dry on surface. Apply additional solution if drying occurs.
- 6) Agitate with scrub brush or scrub machine. Thoroughly rinse with clean water.
- 7) For vertical surfaces a garden hose or high-pressure washer may be used to rinse area.
- 8) Mop or wet vac up dirty solution.
- 9) Heavily built-up efflorescence may require additional applications and a longer dwell time.
- 10) Allow area to dry 24 hours prior to sealing area with any Aqua Mix sealer.

**TO INHIBIT EFFLORESCENCE:**

- 1) Apply a thin coat of solution with mop, sponge applicator, paint roller, or brush.
- 2) Scrub into surface with scrub brush or scrub machine - DO NOT RINSE.
- 3) Wipe dry any product remaining on the surface.
- 4) Several treatments may be required to fully inhibit efflorescence.
- 5) Allow area to dry 24 hours prior to sealing area with any Aqua Mix sealer.

**LIMITATIONS:**

- Do not allow product to come in contact with any non-recommended surface.
- Not recommended for use on polished marble, limestone, and travertine surfaces.
- If efflorescence appears after surface is sealed, Eff-Ex will remove the efflorescence but its ability to inhibit efflorescence is reduced.

**HANDLING AND STORAGE:**

- Close container tightly after each use.
- Store in original container only.
- Store and use between temperatures of 40 °F and 90 °F (4 °C and 32 °C).
- Keep unused material sealed tightly.
- Unused, stored product is freeze-thaw stable.

**CAUTION:**

- KEEP OUT OF REACH OF CHILDREN.
- Do not take internally.
- If prolonged use of product, wear rubber gloves.
- IF INGESTED: Do not induce vomiting. Drink 1 to 2 glasses of water.
- EYE AND SKIN CONTACT: Flush thoroughly with water. If irritation persists, seek medical attention.

**WARRANTY:**

SATISFACTION GUARANTEED. If not completely satisfied with this product's performance, when used as directed, contact Aqua Mix for exclusive remedy of either refund of purchase price or replacement of product upon return of unused portion with proof of purchase within one year of purchase. Determining suitability of product for any intended purpose shall be solely the responsibility of the user. THERE ARE NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THOSE OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE, WHICH EXTEND BEYOND THE DESCRIPTION ON THIS LABEL. IN NO EVENT SHALL AQUA MIX BE LIABLE TO THE CUSTOMER OR ANYONE ELSE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, HOWEVER OCCASIONED. ALWAYS TEST FIRST.

**COVERAGE:**

Approximately 30 to 125 sq. ft. (3 m<sup>2</sup> to 12 m<sup>2</sup>) per gallon (3.785 L).
